**General information on the course of fashion design and pattern drafting,
on the application and on the visa procedure**

Q : What is the course offered at ESMOD Seoul ?

ESMOD Seoul offers a 3-year program specialized in fashion design and pattern drafting. A course specialized in fashion business isn't available at ESMOD Seoul. For more information on the course at ESMOD Seoul, refer to the link : [ESMOD Seoul course](#)

Q : Does the course of ESMOD Seoul offer a bachelor's degree after 3 years of study ?

No, as ESMOD Seoul isn't recognized as a university, the graduates get the diploma of ESMOD Seoul.

Q : Is it possible for foreign students to join summer classes ?

A summer class is a short course open for 2 weeks from the mid-July. The lectures are given in Korean and ESMOD Seoul can't sponsor the visa for a short course. Foreigners speaking fluently Korean and staying legally in Korea with their own visa can join this class.

Q : When does the school year of ESMOD Seoul start and end ?

According to Korean national academic system, the school year of ESMOD Seoul starts on the 2nd of March and ends around the 20th of February in the following year. March intake is the only one a year.

Q : Do I need to know how to draw and sew before joining ESMOD Seoul ?

No, it is possible to start as a beginner our 3-year "Fashion Design and Pattern Drafting" course. A strong motivation for the study of fashion design is the most important value.

Q : After 1 or 2 years of study at ESMOD Seoul, can I transfer to ESMOD Paris or other schools of ESMOD to continue to study ?

Yes. You can join directly the superior class of other ESMOD schools without repeating the same year.

Q : Are all classes in practical training at ESMOD Seoul ?

The course of fashion design and pattern drafting mostly consists of learning skills and of having practical training. However, some of classes are theoretical and their lectures are given only in Korean (for example, Western costume history, fashion marketing). Only for these classes, according to the Korean language level, it might be possible for foreign students to submit reports and assignments instead of attending classes.

Q : Is there an international class providing all lectures in English ?

No. An international class isn't available at ESMOD Seoul.

Q : Which language is required to attend the classes ?

The foreign students have to speak fluently one of two languages (English or French) to communicate with the professors at ESMOD Seoul.

The lectures of the course are given in Korean as most of the enrolled students are Korean. The foreign students being able to communicate in English or in French are placed in a class with English-speaking or French-speaking professors. The foreign students need to understand approximately the lectures given in Korean. In case of difficulties in understanding, they will be helped by the professors.

Q : Do I need to prove my Korean language with a certificate of score of proficiency ?

Yes. For the formalities of visa, it's mandatory to provide a valid certificate of TOPIK I grade 1 (grade 1 is the lowest level of 6 levels). [*\(see below for more information on TOPIK tests and certificates\)*](#)

Q : The level TOPIK I grade 1, is it enough to understand the lectures ?

No. Even though a sophisticated level in Korean language isn't required to attend classes at ESMOD Seoul, the foreign students are strongly recommended to reach, at least, a level of Korean proficiency equivalent to TOPIK I grade 2 (advanced than TOPIK I grade 1) to understand the lectures, to communicate with the classmates and to adapt easily to school life and living in Seoul. This grade 2 in Korean language doesn't have to be proven by a certificate of score of proficiency in Korean. This level will be tested during the admission interview.

Q : Do I have to prove my English or French language with a certificate of score of proficiency ?

No. A certificate of score of proficiency in English or in French (TOEIC, TOFLE, DELF, DALF, etc..) is not mandatorily required. During the admission interview, the language level will be tested.

Q : When is the application to ESMOD Seoul closed ?

The international application of the foreign students is closed by the 30th of October each year for March intake considering the preparation necessary for visa. It's preferable to apply earlier.

Q : I don't have any educational background in art. How do I prepare a portfolio ?

A portfolio can be in free format with the applicant's own drawing or illustration, magazine clippings on fashion and art, etc... In case of no background in art, the portfolio can be made with magazine clippings in art or/and in fashion to show the applicants' interests.

Q : I'm foreigner currently living in Korea. Can I visit to ESMOD Seoul ?

You contact the international admission service by email to book a visit to ESMOD Seoul. It's preferably recommended to attend the Open Campus in June. [\(see below for more info on the Open Campuses\)](#)
